

March 23, 1976

TO: Microthon Participants
FROM: John Beckman J B
SUBJECT: Second Annual Microthon

April Fools! The race is being changed to April 16th. Starting time is still 12 noon (don't be late). A rough map of the course is attached for your reference. The start is just south of the road going down into Oak Grove park. We follow Michigan (I believe it's still Michigan at that point) onto the new asphalt access road, then the old road onto the dam. Proceed straight out to Windsor and follow north. Take the water road down to the north end of the east lot and follow left branching road into East Lot. Cross the road and follow the bus lane south through the East Lot. At the end of the bus lane (fence) bear right onto dirt road across the arroyo and follow past the gravel works (stay to the right). This road empties onto a paved road in lower Oak Grove park. Follow the paved road, bear right (left would take you up the hill out of the park) and follow into County Fire Suppression Camp. Finish line is at the entrance gate.

I hope to have the course painted on the road sometime this week with every 1/2 mile marked off. This course is ~3.8 miles long.

Plan on a picnic lunch in the Fire Camp immediately following the race.

See you there!
