

TO: Arroyo Seco Participants and Enthusiasts  
FROM: Roz Barbieri   
SUBJECT: Arroyo Seco Microthon 1978

Attached are the results from the Microthon. Seventy-eight people ran in the race and seventy-eight finished. The Universe is doing a big spread on the race with photographs and all.

Thank you all for participating and especially to those who helped me with the preparation prior to and during the race. Without your help, it wouldn't have been.

Ribbons were given to all participants and if anyone did not receive one, please let me know. My mail stop is 506-316.

Requests for an October Microthon keep arising. If you have any suggestions for a "theme", and a course, please let me know. (It would be the end of October, probably.)

P.S. Because I did not get individual category designations from most of the runners, I was not able to tabulate winners in the Open, Masters, and 180+ categories. My apologies to those who go unnamed for their good feats. Next time it will be remembered.
