

March 11, 1980

Dear Jogging Club Member,

JPL's spring racing season has come again, headed by our annual April Fool's Day Microthon. Please help publicize this event by placing this notice (over) on a bulletin board in your building or nearby.

We will run the NASA Intercenter two mile and ten kilometer races near the end of April. Watch your mail for details.

So mark the time: April 1, noon sharp. Don't forget to bring a friend - to run or to cheer you on!

See you there.

Ed Rinderle
